Re: Reference for MJ Smith Ground Preparation Pty Ltd for Civil Engineering Works

Dear Sir, Madam,

We have been requested to prepare a reference for MJ Smith Ground Preparation Pty Ltd, whom we have worked with now for more than 5 years.

We are currently supervising a large dam project, were MJ Smith Ground Preparation Pty Ltd are the civil engineering contractors. Their work on this project has been exemplary, and they have carried out their work in a very professional and responsible manner. They have brought the project to completion within time and budget and have been a pleasure to deal with at all times.

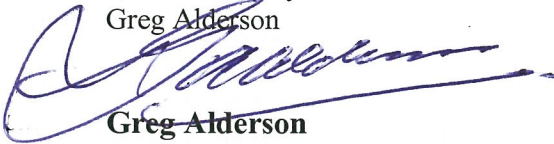

Our other works involvement with MJ Smith has covered a variety of civil works.

We would recommend MJ Smith Ground Preparation Pty Ltd to any prospective client.

For further clarification please contact the writer.

Yours Faithfully

Greg Alderson
